

SPESIFIKASI PA-2

NO	PRODUK	SPESIFIKASI	MERK	TYPE	NEGARA ASAL
1	Portable Suction Unit	Features :	Uzumcu	PA-2	Turkey - Europe
		- Designed to be used in small operations requiring low vacuum			
		- Portable design suitable for holding in hand			
		- Unit & Control Panel Specifications			
		▪ Rapid suction with 22 L/min air flow rate, adjustable at 620 mmHg interval and monitorable vacuum power			
		- Motor Protection System			
		▪ System preventing overflow with hydrofobic filter			
		- Jar Specifications			
		▪ Scaled, easily demountable, sterilizable, 2 liters plastic collecting jar			
		▪ Suitable for cleaning with hospital disinfectants, impact resistant, hygienic and smooth surface			
		Technical Specification			
		- 22 L/min air flow			
		- 2 L collecting jar			
		- Oil free, maintenance free vacuum pump			
		- Voltage (220 -240 V AC / 50 -60 Hz)			
		Accessories			
		- Silicone hose from jar to patient 1 pcs			
		- Silicone hose from jar to unit 1 pcs			
		- Hydrofobic filter 1 pcs			
		- Connector hose 2 pcs
